Happy Doctors’ Day

A Toast To Doctors

Thank you for your countless hours,
For all the care you’ve shown,
For reassuring ailing patients
In your clear and gentle tone.

We appreciate the time you give.
We know it can be rough.
Mornings after sleepless nights
Are always pretty rough.

But somehow, you power through.
You soldier on, unfazed,
And so we take this opportunity
To toast you, glasses raised.

Your compassion is unparalleled.
Your kindness is unmatched.
You never let a patient go
’Til they’re mended and well-patched.

We marvel at your dedication,
At your compassion and commitment.
Your professionalism and responsibility
Is nothing short of brilliant.

You heal wounds and trauma.
You soothe sore aches and pains.
You show up, day after day,
Ignoring all the strain.

Your sacrifice is inspiring.
Is there anything you can’t do?
You live for others, laboring,
Without ever a thought of you.

We’re so grateful for your spirit,
For the time that you invest.
Selflessly, you work so hard,
With hardly time for rest.

We want to express our gratitude.
It’s not something we often say,
But we want you to know our appreciation.

Happy Doctors’ Day!
