

Overall Activity Rating

Select the appropriate rating for each statement

Indicate the main reason you participated in this activity (select only one) *

- To acquire new information on the subject
- To review the subject
- To meet CME requirements

Did the conference meet your expectations? *

- Yes No

How might the format of this activity be improved in order to be most appropriate for the content presented? *

Check all that apply.

- Include more case based presentations
- Add breakouts for subtopics
- Schedule more time for Q&A
- Format was appropriate no changes needed
- Other

Was the information provided practical and applicable to your practice? *

- Yes No

Overall value *

- Excellent Good Fair Poor

Quality of educational content *

- Excellent Good Fair Poor

Met stated learning objectives *

- Excellent Good Fair Poor

Relevance/applicability to practice *

- Excellent Good Fair Poor

Quality of presenters *

- Excellent Good Fair Poor

Selection of topics *

- Excellent Good Fair Poor

Content addressed my most pressing issues *

- Strongly Agree Agree Neutral Disagree

Did you perceive commercial bias or influence? *

- Yes No

Next

Which statement(s) best describe the outcome of your learning from the content presented? (Select all that apply). *

- I have new knowledge that I didn't know before
- I foresee barriers in implementing what I learned
- I may implement a new strategy
- The content may improve performance in my practice

As a result of my participation, the most likely change/new strategy I will implement in my practice is (select all that apply): *

- Prepare my practice for implementation of healthcare policy issues
- Implement new procedures to improve efficiency/accuracy of business
- I need more information before I will change my practice
- Evaluate my practice's performance and benchmark against other practices
- Information presented reinforced current practice/procedures

Describe what you learned! Briefly explain what you know now that you didn't know before, a new strategy you plan to implement, and how your practice performance may improve. If you perceive barriers, tell us what they are. *

General Comments

Anything else you wish to tell us?

Future CME Activities - Clinical

What patient care (CLINICAL) challenges do you see in the exam room that you don't feel properly prepared to address?

Future CME Activities - Nonclinical

What business-related (NONCLINICAL) challenges do you have in your practice that you don't feel properly prepared to address?

Session Attendance

Select the session(s) you attended; and evaluate the faculty. Rate the faculty based on the presentation of unbiased, evidence-based content, presentation skills, and meeting stated objectives.
