

Disclosure of Relevant Financial Relationships

As an organization accredited by the ACCME, Southern Medical Association requires everyone who is in a position to control the content of an education activity to disclose all relevant financial relationships with any commercial interest. The ACCME defines "relevant financial relationships" as financial relationships in any amount, occurring within the past 12 months, including financial relationships of a spouse or life partner that could create a conflict of interest.

Southern Medical Association encourages Speakers/Authors to identify investigational products or off-label uses of products regulated by the US Food and Drug Administration, at first mention and where appropriate in the content.

Dianne B. Love, PhD, is a healthcare consultant specializing in the development and strategic management of physician organizations. She has developed more than 75 physician organizations - both multi-specialty and single specialty. Since forming DB Love & Associates in 2000, Dr. Love has developed Group Practices Without Walls (GPWW), physician-owned ambulatory surgery centers and physician-owned short-stay surgical hospitals. Dr. Love is the founder and served as the director of the MBA for Physicians Program at the University of Houston, Clear Lake, where she is an Associate Professor of Healthcare Administration. Dr. Love is also an Adjunct Professor at the University of Texas Medical Branch in Galveston.

Stephen W. Nesbit, DO, MBA, has over 35 years experience as a board certified family physician with half of those years focusing on physician executive roles. His clinical experience ranges from a rural solo family practice in West Texas, including OB, emergency medicine, to ownership of multiple extended-hour clinics in Southeast Texas. In his physician executive roles he has had senior management responsibilities for quality, medical management, credentialing, physician recruitment, service line operations, provider contracting/relations and population health plan operations. For the last 18 years, Dr. Nesbit has held chief medical officer roles in both health plans and hospitals, which includes his present role as Chief Medical Officer, HCA Gulf Coast Division, based in Houston, TX. HCA GCD is the largest division in the HCA family of hospitals which includes some 18 facilities.

Training and experience in public speaking, media communications, GE Change Acceleration Process, Program Management, Lean Six Sigma methodology, Dale Carnegie, leadership development, conflict resolution, disruptive physician behavior, physician communications and medical staff affairs.

Disclosure:

The following individuals have stated that they have no relevant financial relationships occurring within the past 12 months to disclose.
