

# Hypertension and Cardiovascular Disease Interdisciplinary ECHO Series

## Constellation Quality Health's ECHO Series

focuses on delivering new and emerging evidenced-based treatments and initiatives impacting hypertension and cardiovascular disease in primary care settings while reducing disparities and costs.

The series will also integrate equitable and cultural competency in care delivery, engaging in a whole-person approach to improving health outcomes.

The monthly series, launching in May 2024, will consist of a one-hour tele-ECHO clinic of didactic presentations and case reviews. Free CMEs/CEs will be offered.

## Who Should Attend

- ✦ Primary Care and Specialty Care Providers
- ✦ Care Delivery and Care Transitions Team Members
- ✦ Community-Based Organization (CBO) Members
- ✦ Community Leaders

## Series Topics

- ✦ Hypertension evidenced-based treatments and best practices
- ✦ Social determinant barriers in treating hypertension
- ✦ Health equity and cultural competency in care delivery
- ✦ Utilizing data and social determinant CPT Z codes to improve health outcomes
- ✦ Working with community-based organizations to address whole-patient care
