ABOUT THE MEETING

This meeting is designed to bring together all members of the burn team to further explore burn care assessment, management, and rehabilitation. Topics covered will include current interventions, protocols, treatment modalities, research, and critical pathways to advance patient care. This meeting will provide a forum for discussion of cases, up-to-date procedures and sources, data results and their cost-effective application, and activities in a burn center. Visit sma.org/southern-region-burn for additional information.

ATTENDEES

The conference attracts a diverse group of physicians, health care professionals, first responders, hospital administrators, and other professionals dedicated to burn care. All meeting attendees are highly motivated to learn more about the latest advances in practice, technology, burn care products, and trends for the future.
