

This year the Southern Medical Association is hosting its
117th Annual Scientific Assembly in New Orleans!

Register by July 31 and Save 10% with Code ASA10.

Taking place November 13-15, 2025, at the Hilton New Orleans Riverside, this year's meeting **will offer up to 15 hours of CME and ABIM MOC points**, including the opportunity to satisfy mandatory DEA requirements on pain management and substance use disorders by earning 3 CME hours.

Don't miss this chance to earn both CME credits and ABIM MOC points. The Assembly offers a variety of sessions including:

- Disparities in Care
- Emerging Therapeutic Strategies
- Mental Health and Well-Being
- Treatment Options
- Screening and Detection
- Palliation
- Survivorship
- Physicians-in-Training Abstract Session

Through these sessions, you'll have the opportunity to:

- Evaluate and apply evidence-based clinical practices across multiple specialties—including oncology, pain management, addiction medicine, and pathology—to improve diagnostic accuracy, treatment planning, and patient care outcomes.
- Incorporate interdisciplinary and team-based strategies to address complex patient needs such as chronic pain, survivorship, and behavioral health, while advancing equity and patient-centered communication.
- Implement innovative tools and approaches—including artificial intelligence, trauma-informed care, and community collaboration—to enhance healthcare delivery, improve access to care, and support provider well-being.

There will also be social events including the SMArtBowl, which is a medical student and resident medical trivia competition, and SMA's Farewell Dinner and Presidential Inauguration.
